<sup>b</sup>Table II-11 does not reflect adjustments to the 2000 Census, which corrected population totals but no other Census data. Corrected population counts include: an increase of 152 in the Village of Grafton, a decrease of 152 in the Town of Grafton, an increase of 194 in the City of Cedarburg, a decrease of 194 in the Town of Cedarburg, an increase of 820 in the City of Mequon, and a decrease of 820 in the Town of Fredonia. SEWRPC was unable to make adjustments from the original 2000 Census population count for place of work due to the manner in which place of work data was reported.

<sup>c</sup>The place of work Census Data estimates the number of people 16 years of age and older who were both employed and at work during the reference week (generally the week prior to April 1, 2000). People who did not work during this week due to temporary absences and other reasons are not included in the place of work data. Therefore, the place of work data may understate the total employment in a geographic area.
