

CITY OF PORT WASHINGTON | ENGINEERING/ DEPARTMENT OF PUBLIC WORKS
Rob Vanden Noven, P.E., Director of Public Works / City Engineer

Request for Public Comment on Proposed 2021 Street Improvements

Dear project stakeholder:

The City of Port Washington is seeking your input on proposed water, sewer, and street improvements in 2021 in the following locations:

<u>Street</u>	<u>From</u>	<u>To</u>	<u>Improvement</u>
W. Beutel Road	N. Holden Street	N. Wisconsin Street	Reconstruct
N. Benjamin Street	W. Beutel Road	Thomas Drive	Reconstruct
W. Barry Avenue	N. Holden Street	N. Benjamin Street	Reconstruct
Randy Circle	W. Beutel Road	North Termini	Reconstruct
Viola Circle	W. Beutel Road	North Termini	Reconstruct
Cindy Circle	W. Barry Avenue	South Termini	Reconstruct
Thomas Court	Thomas Drive	North Termini	Reconstruct
N. Holden Street	W. Barry Avenue	Thomas Drive	Resurface
Thomas Drive	N. Holden Street	N. Wisconsin Street	Resurface
Michael Court	Thomas Drive	South Termini	Resurface
Sunset Drive	CTH LL	S. Spring Street	Resurface

A public involvement comment period is scheduled for the period from December 1 - 15, 2020 to gather public feedback. Current project information, including the attached project information sheet, can be found on the homepage of the City's website: <https://cityofportwashington.com/>

Information on the proposed design affecting street geometry is provided on the website. No right-of-way acquisition is anticipated. Special assessments may be contemplated for new (not replacement) sidewalks. No other special assessments are being considered. Homeowners interested in replacing their sanitary sewer lateral or constructing a new storm sewer connection as part of this project may arrange to do so at their expense by submitting their request through the website. Streets will be closed to through-traffic during construction, and property owners will be notified of the construction schedule once it becomes available.

We want your input on the proposed improvements. If you are unable to access project information online and would like paper copies of the exhibits mailed to you, please contact Jeff Chvosta, P.E, Project Engineer, Gremmer & Associates, Inc. at (920) 924-5720 or j.chvosta@gremmerassociates.com. If you have any questions or would like to find out more about the proposed improvements, please contact me at (262) 268-4267 or rvandenoven@cpwwi.org.

Sincerely,
Robert J. Vanden Noven, P.E.
City Engineer/Director of Public Works
