PUBLIC COMMENTS/APPEARANCES-Jim Vollmar, 1342 Noridge Trail-After years of dedication, Alderman Schwanz is retiring from the City Council and deserves our appreciation. Mr. Vollmar reported that he is running as a candidate for the Third Aldermanic District and if anyone is interested in his position on any issues, please call or e-mail him. Bill Krzyzanek, Kaliber Auto, 621 N. Wisconsin St.-He noticed work was being done outside his business by marking the sidewalk. They told him the street was going to be narrowed by 3 feet. He wasn't made aware of this until last August. He said he wanted to explain his position and concerns with this project. He is the only business that takes care of some business on the street in front of his building such as giving estimates on auto repairs. He tries to keep some spaces open in his parking lot, but people still park on the street. He has politely asked for a bump out for three parking spots in front of his building. He feels narrowing the street will create a dangerous situation for him. His concern is the amount of people that he has talked to that did not have any idea the street was going to be narrowed. He also talked to the DOT and they did not recommend narrowing the road. He wanted to make the public aware that this road was going to be narrowed. Is there any way the City could think about revising these plans?
